Abstract

NOVEL ANTIBIOTIC PREPARATION METHOD AND PLATFORM SYSTEM BASED ON SAME

Provided are a novel antibiotic preparation method and platform system based on the method, belonging to a novel drug development method. The method is based on a fixed structural formula: F-R, wherein F is an effect area, and R is an identification area. At the prior art level, the present invention can quickly develop a specific novel antibiotic for most pathogenic microorganisms or biological cells. Also provided is a platform for implementing the method, ensuring that the novel antibiotic is developed in an efficient streamlined process.
