CLAIMS

1. A combination comprising beepollen and clay.

2. The combination according to claim 1, such that the clay is selected from clays of the kind: kaolinites, smectites, illites and chlorites or fibrous minerals.

3. The combination according to claim 1 or 2, such that the clay is montmorillonite.

4. The combination according to any of the preceding claims, comprising:
- from 4% to 90% of beepollen, and
- from 10% to 96% of clay,
the percentages being understood by weight.

5. The combination according to any of the main claims comprising:
- from 20% to 40% of beepollen and
- from 60% to 80% of clay.

6. The combination according to any of the preceding claims, such that it has a grain size of less than 500 μm, a humidity level of less than 15% and/or a water activity (wa) of less than 0.75.

7. A method for preparing a combination according to any of the preceding claims comprising the step for mixing beepollen and clay.

8. A pharmaceutical composition comprising a combination according to any of claims 1 to 6 and optionally one or several pharmaceutically acceptable excipients.

9. The combination according to any of claims 1 to 6 for use in preventing and/or treating osteoporosis, cardio-vascular diseases, cancers, liver and metabolism disorders, circulatory disorders, menopausal symptoms, disorders of the nervous system, disorders of the gastro-intestinal system, ocular disorders, fatigue, articular, urinary disorders, prostate disorders such as benign hypertrophia of the prostate, chronic prostatitis, prostatodynia and prostate cancer, nutritional, dermatological and cosmetodermatological disorders, asthenia

and fatigability, convalescence and post-surgery, hydro-electrolytic imbalances, improvements in physical conditions.

10. A food composition comprising a combination of any of claims 1 to 6.

11. A gelatin capsule containing a combination of clay and beepollen according to any of claims 1 to 6.

12. A drug comprising as a carrier, a combination of clay and of beepollen according to any of claims 1 to 6.

CLAIMS

1. A combination comprising beepollen and clay.

2. The combination according to claim 1, such that the clay is selected from clays of the kind: kaolinites, smectites, illites and chlorites or fibrous minerals.

3. The combination according to claim 1 or 2, such that the clay is montmorillonite.

4. The combination according to any of the preceding claims, comprising:
- from 4% to 90% of beepollen, and
- from 10% to 96% of clay,
the percentages being understood by weight.

5. The combination according to any of the preceding claims comprising:
- from 20% to 40% of beepollen and
- from 60% to 80% of clay.

6. The combination according to any of the preceding claims, such that it has a grain size of less than 500 μm, a humidity level of less than 15% and/or a water activity (wa) of less than 0.75.

7. A method for preparing a combination according to any of the preceding claims comprising the step for mixing beepollen and clay.

8. A pharmaceutical composition comprising a combination according to any of claims 1 to 6 and optionally one or several pharmaceutically acceptable excipients.

9. The combination according to any of claims 1 to 6 for use in preventing and/or treating osteoporosis, cardio-vascular diseases, cancers, liver and metabolism disorders, circulatory disorders, menopausal symptoms, disorders of the nervous system, disorders of the gastro-intestinal system, ocular disorders, fatigue, articular, urinary disorders, prostate disorders such as benign hypertrophia of the prostate, chronic prostatitis, prostatodynia and prostate cancer, nutritional, dermatological and cosmetodermatological disorders, asthenia

and fatigability, convalescence and post-surgery, hydro-electrolytic imbalances, improvements in physical conditions.

10. A food composition comprising a combination of any of claims 1 to 6.

11. A gelatin capsule containing a combination of clay and beepollen according to any of claims 1 to 6.

12. A drug comprising as a carrier, a combination of clay and of beepollen according to any of claims 1 to 6.
