

ic acid, (6) 2-{4-[3-(4-fluorophenoxy)-5-{{(3-hydroxy-3-isobutyl-1-azetidiny]carbonyl}amino}phenoxy]phenyl}-2-methylpropanoic acid, (7) 4-[3-{{[4-(2-ethylbutyl)-4-hydroxy-1-piperidiny]carbonyl}amino}-5-(4-fluorophenoxy)phenoxy]benzoic acid, (8) 2-{4-[3-{{[4-(2-ethylbutyl)-4-hydroxy-1-piperidiny]carbonyl}amino}-5-(4-fluorophenoxy)phenoxy]phenyl}-2-methylpropanoic acid or (9) 2-(4-{{[3-(4-fluorophenoxy)-5-{{(4-hydroxy-4-isobutyl-1-piperidiny]carbonyl}amino}benzoyl]oxy}phenyl)-2-methylpropanoic acid.

10. A method of preventing and/or treating a S1P₂-mediated disease, comprising administering to a mammal an effective amount of the compound represented by the formula (I-1) according to claim 1, the salt thereof, the solvate thereof, the N-oxide thereof or the prodrug thereof.

11. A compound represented by the formula (I-1) according to claim 1, the salt thereof, the solvate thereof, the N-oxide thereof or the prodrug thereof in use for prophylaxis and/or therapy of a S1P₂-mediated disease.

12. Use of the compound represented by the formula (I-1) according to claim 1, the salt thereof, the solvate thereof, the N-oxide thereof or the prodrug thereof for producing a prophylactic and/or therapeutic agent for a S1P₂-mediated disease.

ic acid, (6) 2-{4-[3-(4-fluorophenoxy)-5-{{(3-hydroxy-3-isobutyl-1-azetidiny]carbonyl}amino}phenoxy]phenyl}-2-methylpropanoic acid, (7) 4-[3-{{[4-(2-ethylbutyl)-4-hydroxy-1-piperidiny]carbonyl}amino}-5-(4-fluorophenoxy)phenoxy]benzoic acid, (8) 2-{4-[3-{{[4-(2-ethylbutyl)-4-hydroxy-1-piperidiny]carbonyl}amino}-5-(4-fluorophenoxy)phenoxy]phenyl}-2-methylpropanoic acid or (9) 2-{4-{{[3-(4-fluorophenoxy)-5-{{(4-hydroxy-4-isobutyl-1-piperidiny]carbonyl}amino}benzoyl]oxy}phenyl)-2-methylpropanoic acid.

10. A compound represented by the formula (I-1) according to claim 1, the salt thereof, the solvate thereof, the N-oxide thereof or the prodrug thereof in use for prophylaxis and/or therapy of a SlP_2 -mediated disease.

11. Use of the compound represented by the formula (I-1) according to claim 1, the salt thereof, the solvate thereof, the N-oxide thereof or the prodrug thereof for producing a prophylactic and/or therapeutic agent for a SlP_2 -mediated disease.
