

ABSTRACT OF THE DISCLOSURE (FIG. 1)

5 PROCESSING APPARATUS OF PORTABLE ELECTRONIC
DEVICES, PORTABLE ELECTRONIC DEVICE, AND
PROCESSING SYSTEM OF PORTABLE ELECTRONIC DEVICES

10 A processing apparatus of portable electronic
devices, a portable electronic device, and a processing
system of portable electronic devices are provided,
each of which can process data at high speed. The
processing apparatus has a transmitting/receiving unit
configured to transmit and receive data to and from the
portable electronic device. In the processing, the
transmitting/receiving unit generates a first command
and adds a second command to the first command.
