

Figure 1

**Uptake Studies with Caco2 Cells:
Fluorescent-labelled Peptide**

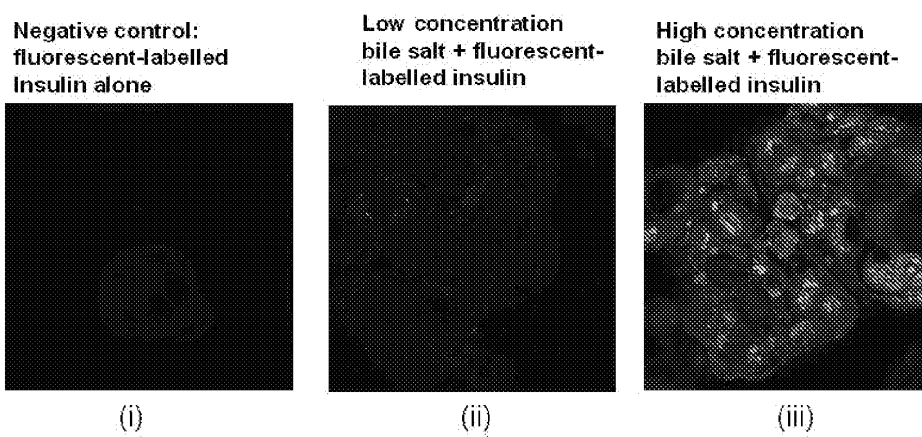

Figure 2

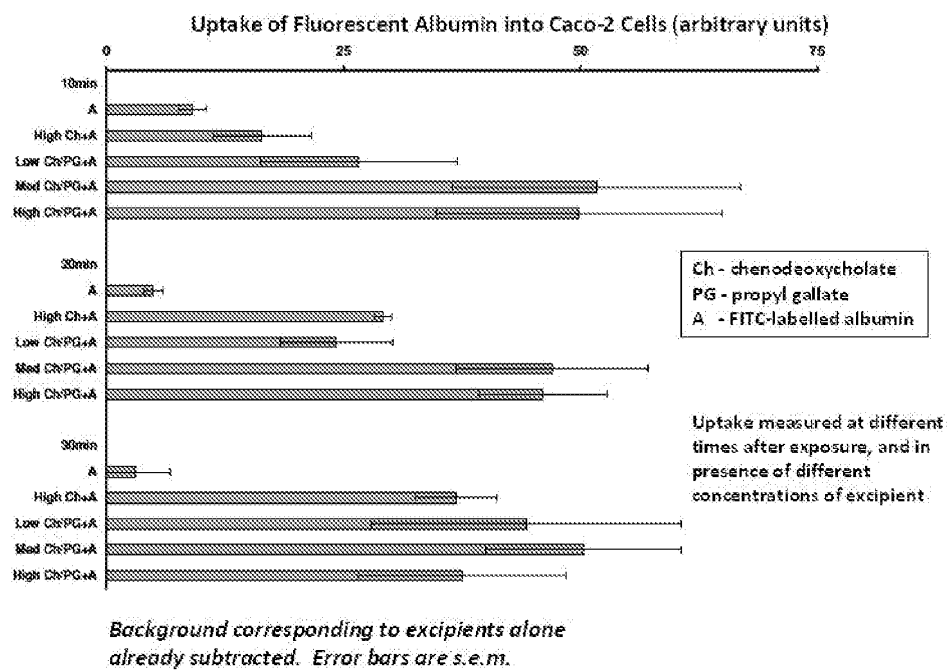

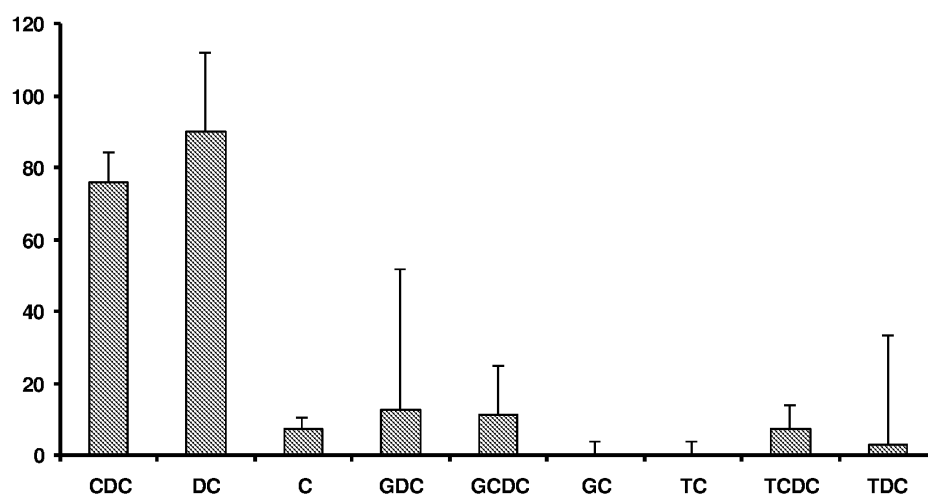

Figure 3

Concentration of bile salts each 1mg/ml

Error bars are standard deviations

Values shown are after subtraction of albumin alone medium control

Figure 4

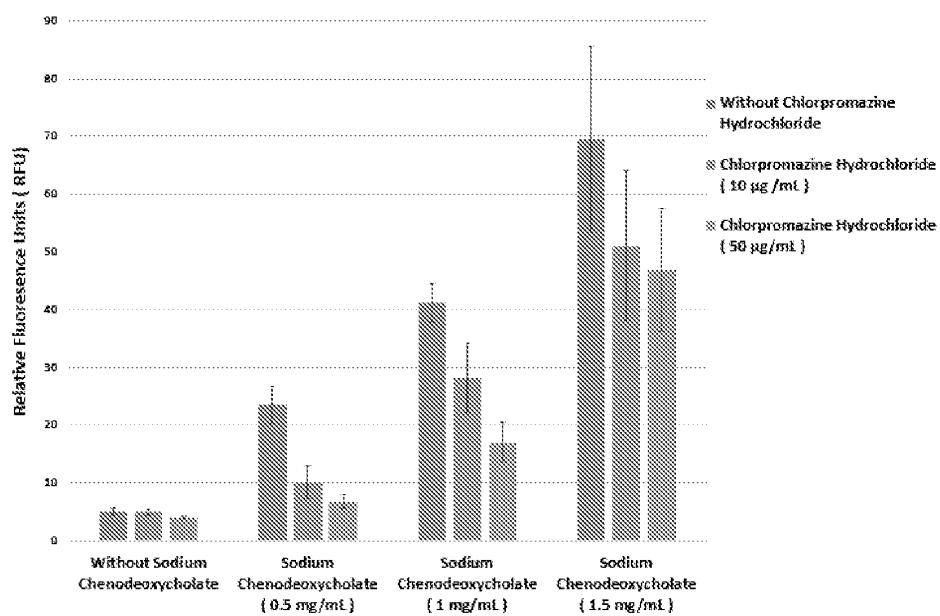

Figure 5

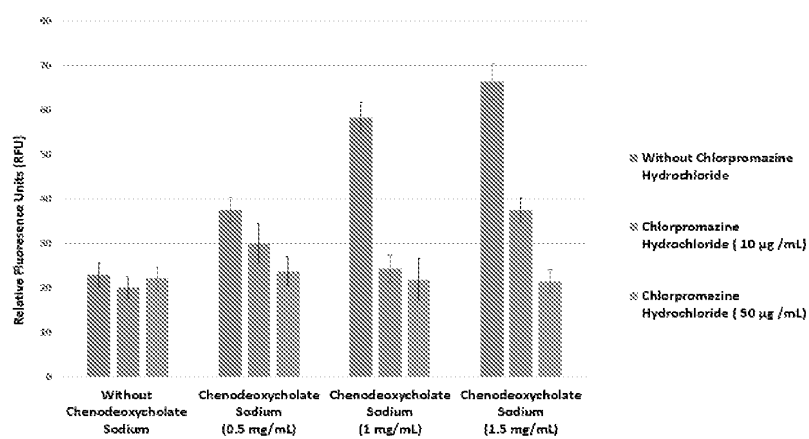

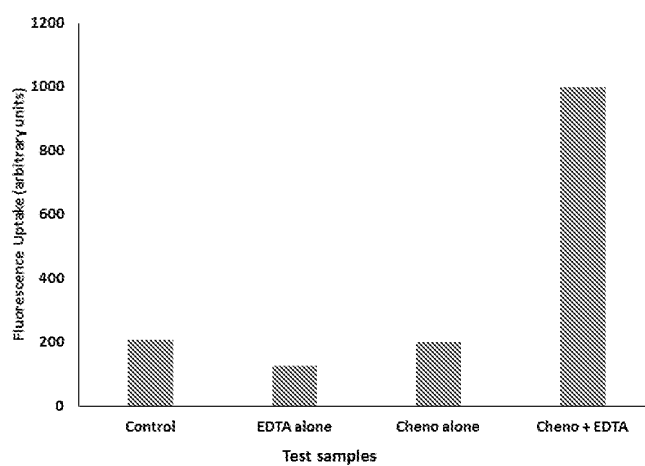

Figure 6

Chenodeoxycholate concentration: 1mg/ml

Sodium EDTA concentration: 1mg/ml

Standard deviation: +/- 50 fluorescence units
