(54) Title: DISPLAY DEVICE ASSEMBLY

FIGURE 5

(57) Abstract: There is provided a display device assembly including a bar form factor display device and a detachable casing, the assembly operable to be assembled wherein the detachable casing is in attachment with the bar form factor display device, the assembly when assembled comprising front and back major faces, wherein the front major face is arranged to present a first display screen which forms part of the bar form factor display device, and wherein the back major face is arranged to present a second display screen different to the first display screen, which forms part of the detachable casing. The corresponding detachable casing is also provided.
