

LOW-FAT OR FAT-FREE AIR BUBBLE-CONTAINING EMULSION

ABSTRACT

5

The present invention relates to a low-fat or fat-free air bubble-containing emulsion comprising a whey protein aggregate, and a process for producing the same. The low-fat or fat-free air bubble-containing emulsion provided by the present invention can substantially eliminate the need to use stabilizers and emulsions, can ensure high overrun, and has good flavor and texture.
