What is claimed is:

1. A pharmaceutical composition that is a liquid suspension, which composition is substantially dye-free, and which is substantially free of reducing sugars, wherein the composition comprises ~~comprising~~ paracetamol particles with a d50 of less than or equal to 10µm and a d90 of less than or equal to 35µm~~, which composition is substantially dye-free~~.

~~2. The pharmaceutical composition according to claim 1 which is substantially free of invert sugars.~~

~~3. The pharmaceutical composition according to claim 1 or claim 2 which is substantially free of reducing sugars.~~

~~4~~2. The pharmaceutical composition according to ~~any one of~~ claim~~s~~ 1~~-3~~, wherein the paracetamol concentration is 24mg/ml.

~~5~~3. The pharmaceutical composition according to ~~any one of~~ claim~~s~~ 1~~-3~~, wherein the paracetamol concentration is 32mg/ml.

~~6~~4. The pharmaceutical composition according to ~~any one of~~ claim~~s~~ 1~~-3~~, wherein the paracetamol concentration is 48mg/ml.

~~7~~5. A pharmaceutical composition according to any one of claims 1 to ~~6~~ 4 comprising a high intensity sweetener selected from sucralose, aspartame, saccharin, acesulfame, cyclamate and pharmaceutically acceptable salts thereof.

~~8~~6. A pharmaceutical composition according to claim ~~7~~ 5 wherein the high intensity sweetener is sucralose.

~~9~~7. A pharmaceutical composition according to any one of claims 1 to ~~8~~ 6 comprising a polyhydric alcohol sweetener selected from sorbitol, mannitol, xylitol erythritol, maltitol and a combination of at least two or more thereof.

~~10~~8. A pharmaceutical composition according to claim ~~9~~ 7 wherein the polyhydric alcohol sweetener is a combination of sorbitol and maltitol.

~~11~~9. A pharmaceutical composition according to any one of claims 1 to ~~10~~ 8 comprising an antimicrobial preservative selected from methyl paraben, propyl paraben, sodium methyl

paraben, sodium ethyl paraben, sodium propyl paraben and a combination of two or more thereof.

~~12~~10. A pharmaceutical composition according to claim ~~11~~ 9 wherein the antimicrobial preservative is a combination of methyl paraben and propyl paraben.

~~13~~11. A pharmaceutical composition according to any one of claims 1 to ~~12~~ 10 comprising a thickening agent which is xanthan gum.

~~14~~12. A pharmaceutical composition according to any one of claims 1 to ~~13~~ 11 comprising a humectant selected from glycerine, sorbitol, polyethylene glycol, propylene glycol and a combination of two or more thereof.

~~15~~13. A pharmaceutical composition according to claim ~~14~~ 12 wherein the humectant is glycerine.
