(54) Title: A SYSTEM, SERVICE PROVIDER UNIT, AND METHOD FOR SENDING A MESSAGE TO A CALLEE

(57) Abstract: A system and method for sending a message to a callee. The system comprises a service provider unit; a communication device for enabling a caller to communicate with the service provider unit; and the service provider unit receiving a communication from the caller via the communication device, and identifying the callee and one or more pre-determined caller IDs chosen as representing one or more intended messages for the callee based on the communication from the communication device; and the service provider unit making one or more missed calls to a phone device of the callee using the one or more pre-determined caller IDs.
