

**METHOD FOR PRODUCING TIOTROPIUM SALTS, TIOTROPIUM SALTS
AND PHARMACEUTICAL FORMULATIONS, CONTAINING THE SAME**

Abstract

The invention provides a method for producing novel tiotropium salts of formula (I), wherein X^- represents an anion, said novel tiotropium salts as such, pharmaceutical formulations, containing the salts and the use thereof for producing a medicament for the treatment of respiratory tract diseases, in particular, for the treatment of chronic obstructive pulmonary disease (COPD) and asthma.
