

ABSTRACT**A Magnetic Shield for a Cathode Ray Tube**

A magnetic shield (20) for a cathode ray tube includes a body portion and a skirt
5 section (21) around the body portion. The skirt section (21) has a skirt portion
(23) having a free edge (25) and being connected to the body portion at its
opposite edge (26), wherein the length of the free edge (25) is less than the
length of the opposite edge (26).
