Attention: Ms. Fatehah Binte Muhammad Khairuddin

Dear Madam

Singapore Patent Application No. 10201408031R
(Divisional of Singapore Patent Application No. 201006757-7)
Entitled: GLASS FOR MAGNETIC RECORDING MEDIA SUBSTRATES, MAGNETIC RECORDING MEDIA SUBSTRATES, MAGNETIC RECORDING MEDIA AND METHOD FOR PREPARATION THEREOF
Applicant: HOYA CORPORATION

We refer to your letter of 15 December 2014 concerning the abstract of the subject application.

In response to your letter, we now submit Patents Form 13 to replace the abstract as originally filed with the enclosed amended abstract.

Applicant also submits the following comments with regard to the amended abstract: -

A positive effort has been made to cut down the number of words from the original 370 words to 184 words (this word count excludes the words "Abstract", the title and the figure). In view of the nature of the invention (i.e. the many components making up the glass must all be stated), it is not possible to narrow the abstract any further.

In view of the amended abstract and the foregoing comments, we look forward to receiving a clear Formalities Examination Report issued in respect of the subject application.

Yours faithfully

Drew & Napier
