(54) **Title:** AUTOMATIC CUSTOMIZATION OR CONFIGURATION OF MOBILE DEVICES

(57) **Abstract:** Systems and methods for the automatic or streamlined customization or configuration of mobile devices are provided. In accordance with one embodiment of the present invention, a mobile device is provided with an installation agent that aids in installation of new device applications by fully or partially automating the installation process. Another aspect of the invention includes providing a mobile device with an error-handling agent that streamlines or automates the process of correcting device malfunctions. Other aspects of the invention are concerned with providing simplified user interfaces for mobile devices and enabling the remote control and manipulation of a mobile device.
