

Abstract**COUPON WITH REMOVABLE TABS**

- 5 A parking coupon (10) is provided, having removable tabs (14) that are removed according to the conditions of parking and placed on an adhesive area (22) at the rear of the coupon (10). In this way littering is reduced. Additionally, an adhesive area (18) on the front of the coupon (10) allows the coupon (10) to be attached to the inside of a windscreen (20) for easy verification by a parking attendant.
