

Abstract

ACTUATING DEVICE FOR A DRAIN FITTING AND DRAIN FITTING
WITH SUCH AN ACTUATING DEVICE AND METHOD OF MOUNTING
SUCH A DRAIN FITTING

The actuating device comprises a push button housing (7), which may be inserted into an opening (4) in the cistern lid (2). At least one push button (8, 9) and a pusher (11) are mounted in the push button housing (7) for triggering flushing. The push button housing (7) is fastened only to the cistern lid (2) and may be lifted with the cistern lid (2) off the at least one push button (8, 9) and the pusher (11). The actuating device is particularly suitable for cisterns of ceramic material and enables simpler and quicker mounting as well as servicing of the cistern.
