

The diagram illustrates a mechanical assembly, possibly a centrifugal separator or a similar industrial machine. The central part of the device is a rotating assembly (15) mounted on a base (1). The base is divided into two main sections, 1a and 1b, each containing a rotating component (2a, 2b) and a collection tray (8a, 8b). The chambers are supported by a frame (5) with two large circular components (7) at the top. The diagram includes various numbered labels (1-19) indicating specific parts and components.
