WHAT IS CLAIMED IS:

1. A compound of formula (I):

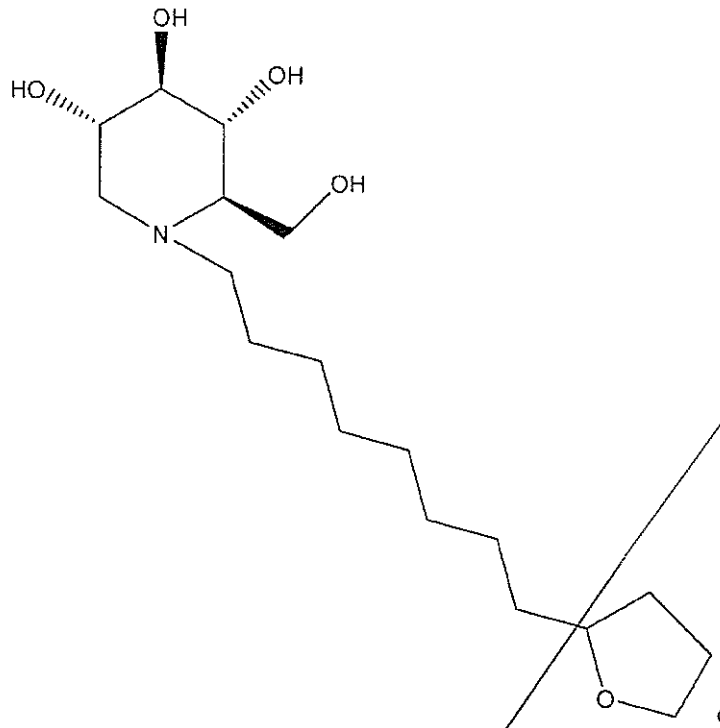

or a pharmaceutically acceptable salt thereof,

wherein W_{1-4} and R_{1-3} are each independently selected from hydrogen and C_{1-3} alkyl groups and wherein at least one of R_{1-3} is not hydrogen.

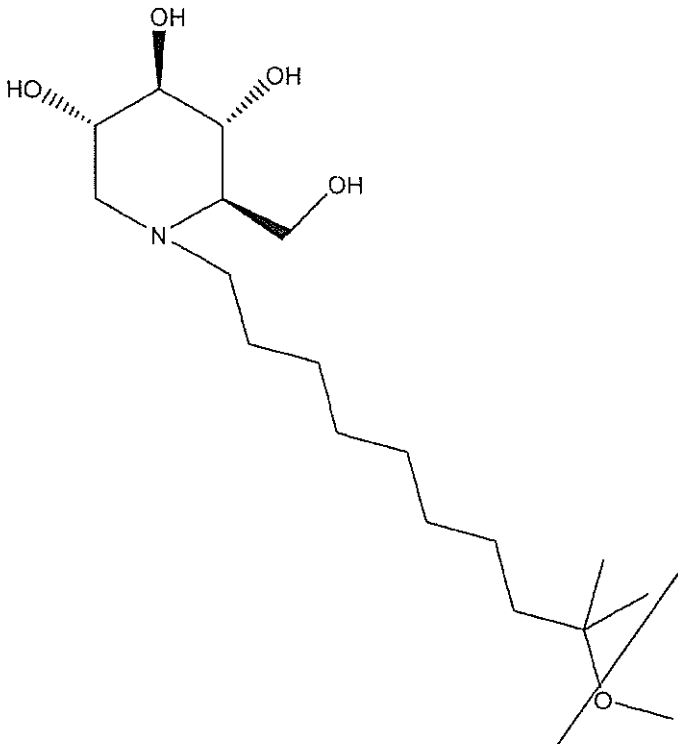

2. The compound of claim 1, wherein each of W_{1-4} is hydrogen.

3. The compound of claim 1 having formula

or a pharmaceutically acceptable salt thereof.

4. The compound of claim 1 having formula

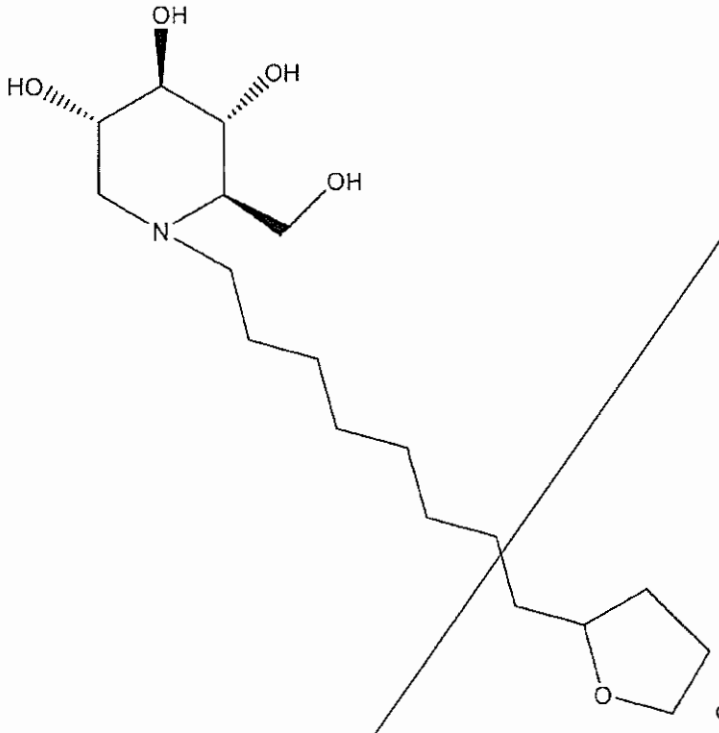

or a pharmaceutically acceptable salt thereof.

5. A pharmaceutical composition comprising a) a pharmaceutically effective amount of the compound of claim 1 and b) a pharmaceutically acceptable carrier.

6. A method of treating or preventing a Dengue viral infection comprising administering to a subject in need thereof the compound of claim 1 or a pharmaceutically acceptable salt thereof.

7. The method of claim 6, wherein the dengue viral infection is by or associated with a Dengue 2 virus.

8. The method of claim 5, wherein the compound is a compound

having formula or a pharmaceutically acceptable salt thereof.

9. The method of claim 5, wherein the subject is a mammal.

10. The method of claim 9, wherein the subject is a human.

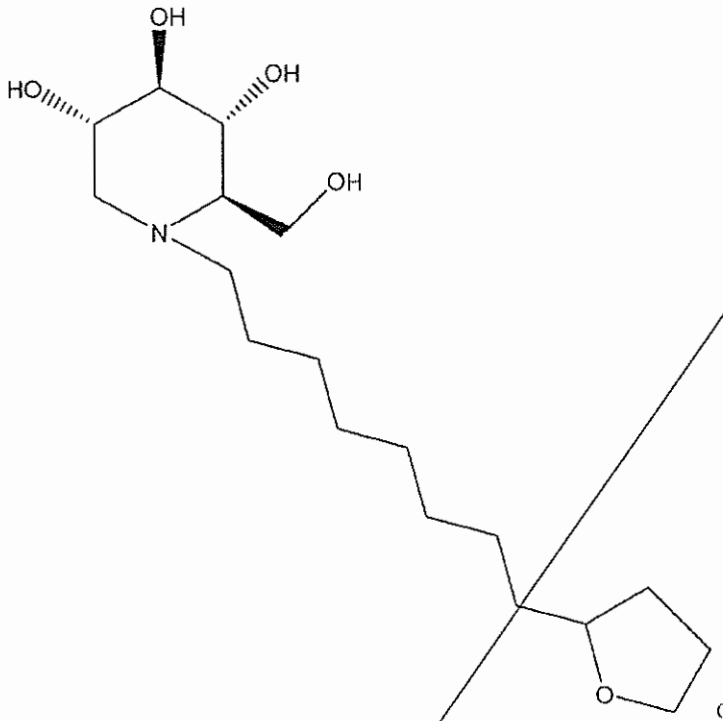

11. A method of treating a disease or condition caused by or associated with a virus belonging to the Orthomyxoviridae family comprising administering to a subject in need thereof the compound of claim 1 or a pharmaceutically acceptable salt thereof.

12. The method of claim 11, wherein the virus is an Influenza virus.

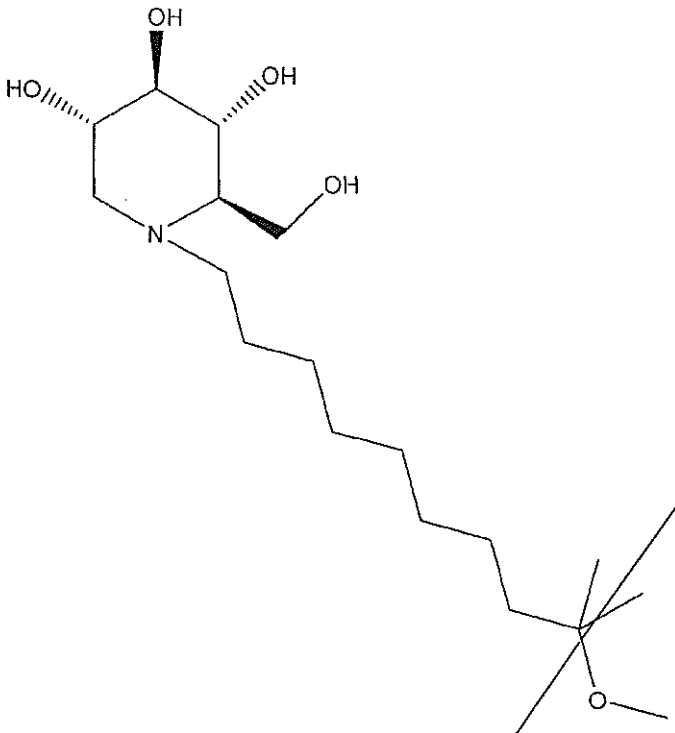

13. The method of claim 12, wherein the virus is an Influenza A virus.

14. The method of claim 13, wherein the virus is a H3N2 subtype of the Influenza A virus.

15. The method of claim 13, wherein the virus is a H1N1 subtype of the Influenza A virus.

16. The method of claim 11, wherein the compound is a compound having formula  or a pharmaceutically acceptable salt thereof.

17. The method of claim 11, wherein the compound is a compound having

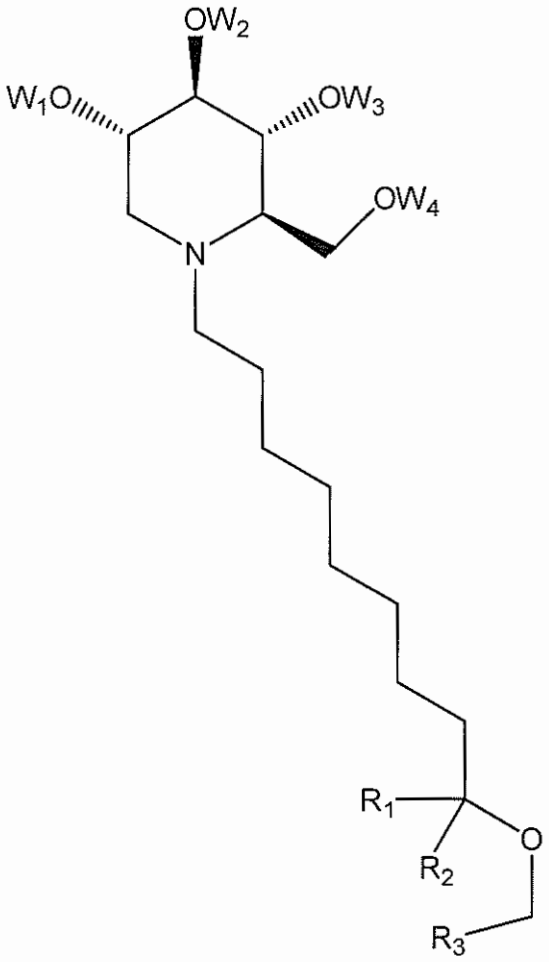

or a pharmaceutically acceptable salt thereof.

18. The method of claim 11, wherein the subject is a mammal.

19. The method of claim 18, wherein the subject is a human being.

WHAT IS CLAIMED IS:

1. A compound of formula (I):

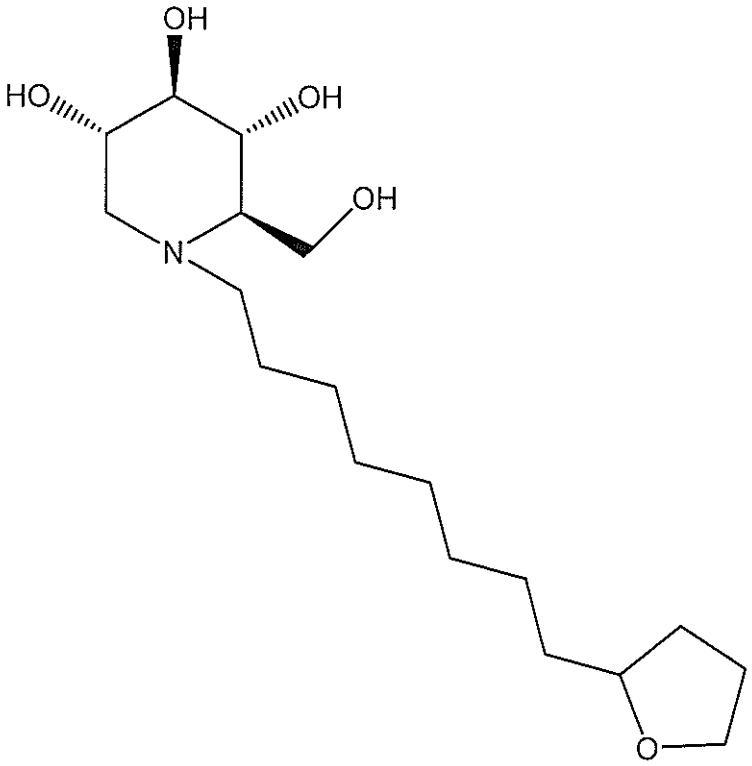

or a pharmaceutically acceptable salt thereof,

wherein W_{1-4} and R_{1-3} are each independently selected from hydrogen and C_{1-3} alkyl groups and wherein at least one of R_{1-3} is not hydrogen

or wherein R_2 and R_3, when taken together, are $-CH_2-$, $-CH_2CH_2-$, or $-CH_2-CH_2-CH_2-$.

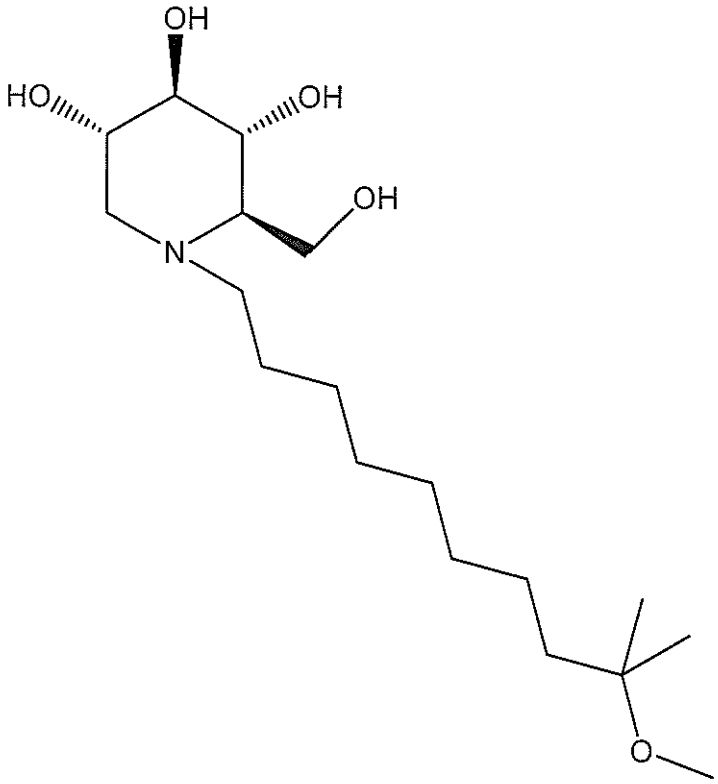

2. The compound of formula (I) according to claim 1, wherein each of W_{1-4} is hydrogen.

3. The compound of formula (I) according to claim 1, wherein the compound is:

or a pharmaceutically acceptable salt thereof.

4. The compound of formula (I) according to claim 1 wherein the compound is:

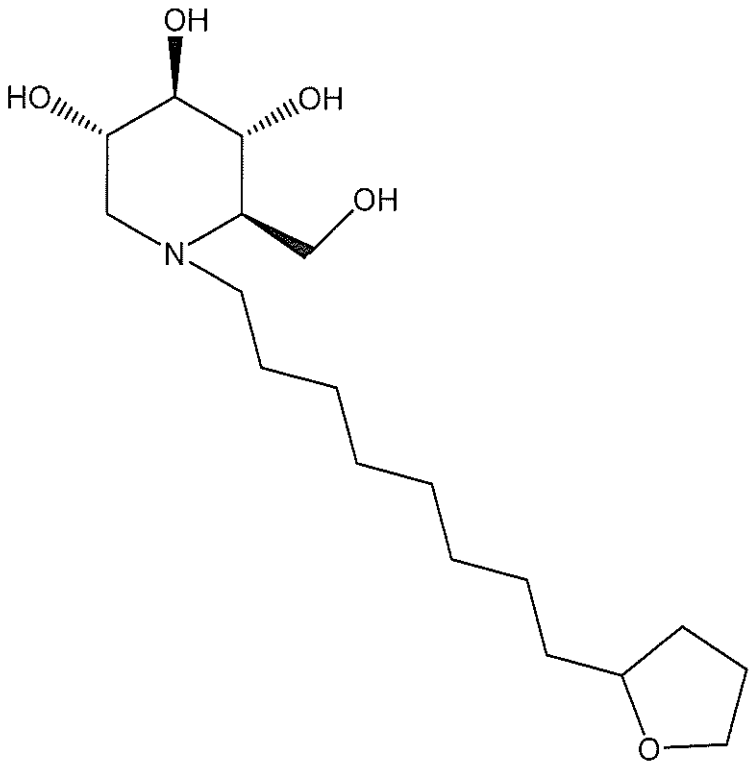

or a pharmaceutically acceptable salt thereof.

5. A pharmaceutical composition comprising a) a pharmaceutically effective amount of the compound of formula (I) according to claim 1 and b) a pharmaceutically acceptable carrier.

6. A compound of formula (I) according to claim 1 or a pharmaceutically acceptable salt thereof for use in the treatment of a Dengue viral infection.

7. The compound of claim 6, wherein the dengue viral infection is by or associated with a Dengue 2 virus.

8. The compound of claim 6, wherein the compound of formula (I) is

or a pharmaceutically acceptable salt thereof.

9. A compound of formula (I) according to claim 1 or a pharmaceutically acceptable salt thereof for use in the treatment of an Orthomyxoviridae virus infection.

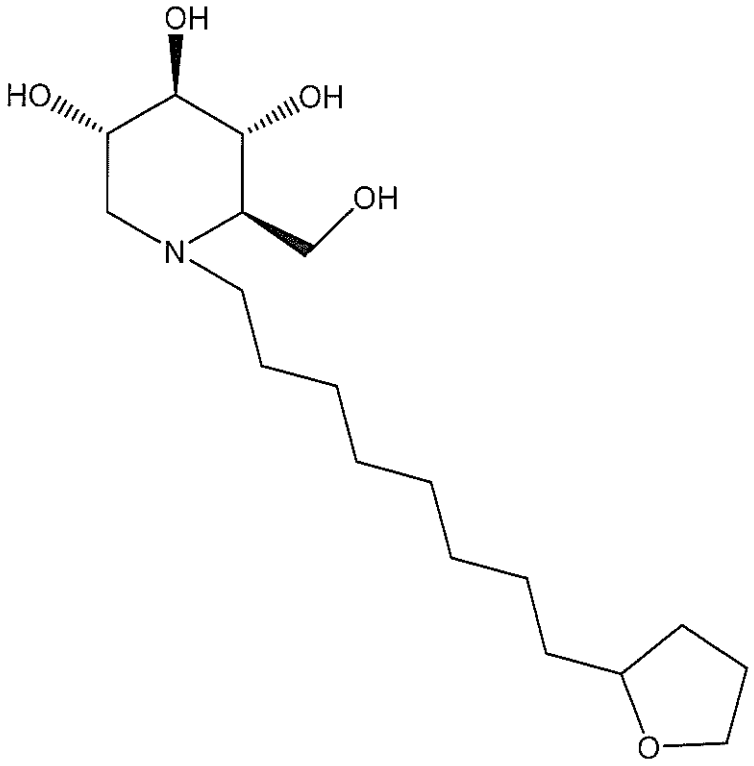

10. The compound of claim 9, wherein the virus is an Influenza virus.

11. The compound of claim 10, wherein the virus is an Influenza A virus.

12. The compound of claim 11, wherein the virus is a H3N2 subtype of the Influenza A virus.

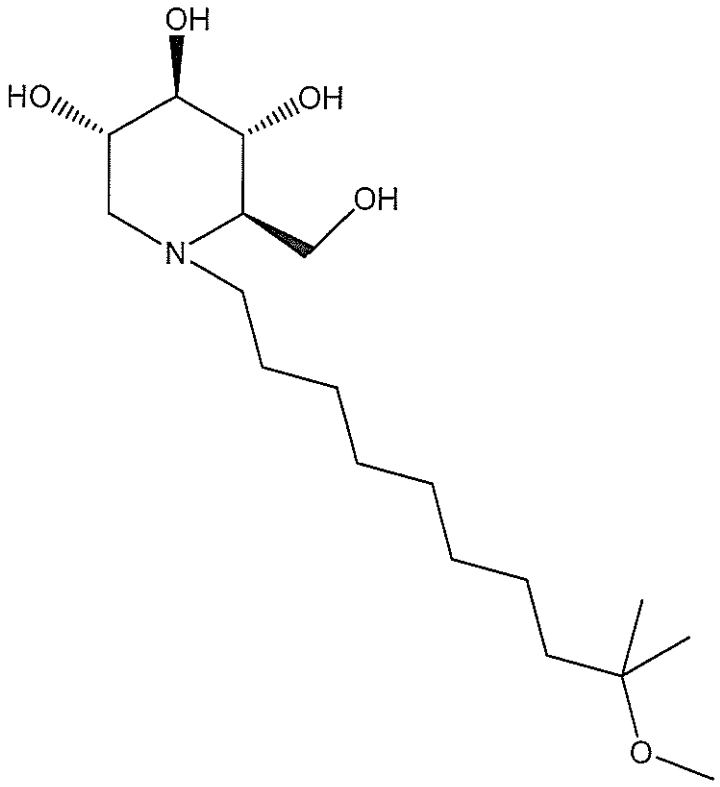

13. The compound of claim 11, wherein the virus is a H1N1 subtype ofthe Influenza A virus.

14. The compound of claim 9, wherein the compound of formula (I) is

or a pharmaceutically acceptable salt thereof.

15. The compound of claim 9, wherein the compound of formula (I) is the compound

or a pharmaceutically acceptable salt thereof.
