(54) Title: COLORING COMPOSITION FOR A MEAT ANALOGUE, A MEAT ANALOGUE INCLUDING THE COLORING
COMPOSITION, AND PROCESS FOR TRANSFORMING THE COLOR OF A MEAT ANALOGUE

(57) Abstract: A coloring composition for a meat analogue containing a colorant that is capable of transitioning from a first color to
a second different color in response to cooking the meat analogue. The coloring composition includes colorant active at least partially
encapsulated within a fat or a wax encapsulant. A process for transforming the color of a meat analogue during a cooking application
using the coloring composition, and a meat analogue including the coloring composition are also disclosed.
