(54) **Title:** TECHNIQUES FOR DETERMINING A PATH GROUP BASED ON A SENSING PROCEDURE

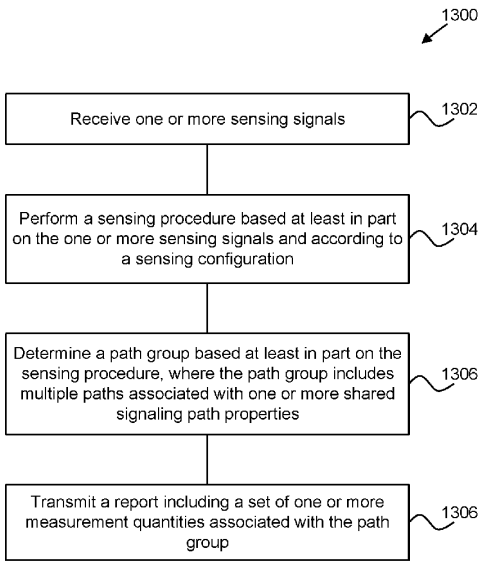

FIG. 13

(57) **Abstract:** Various aspects of the present disclosure relate to receiving (1302) one or more sensing signals and performing (1304) a sensing procedure based at least in part on the one or more sensing signals and according to a sensing configuration. Aspects of the present disclosure may relate to determining (1306) a path group based at least in part on the sensing procedure, wherein the path group comprises a plurality of paths associated with one or more shared signaling path properties. Aspects of the present disclosure may further relate to transmitting (1308) a report comprising a set of one or more measurement quantities associated with the path group.
