

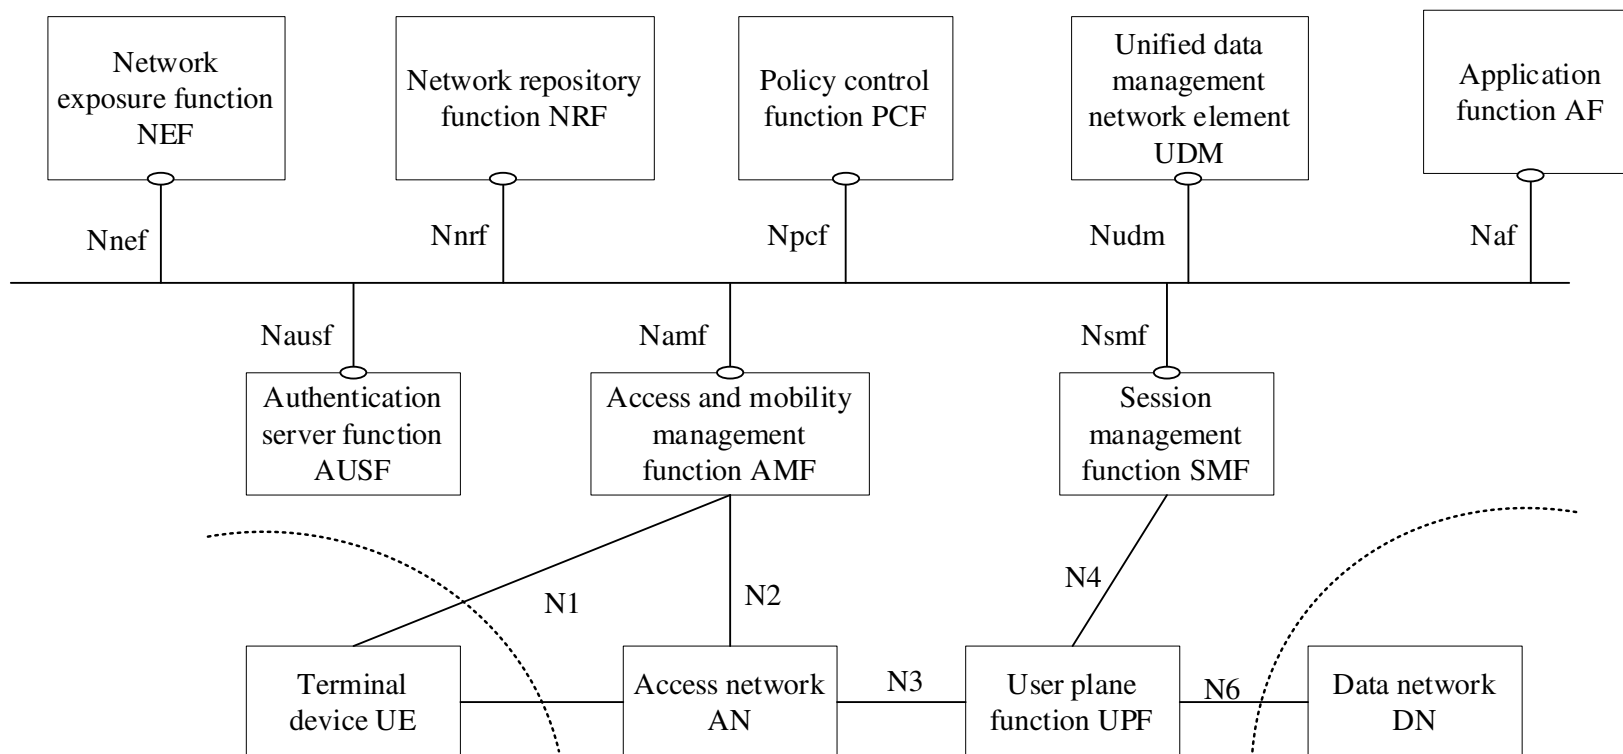

FIG. 1

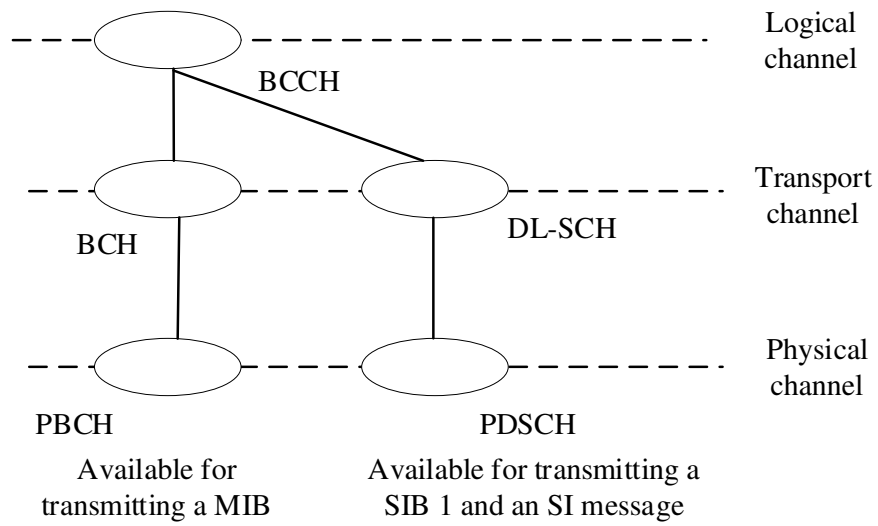

FIG. 2

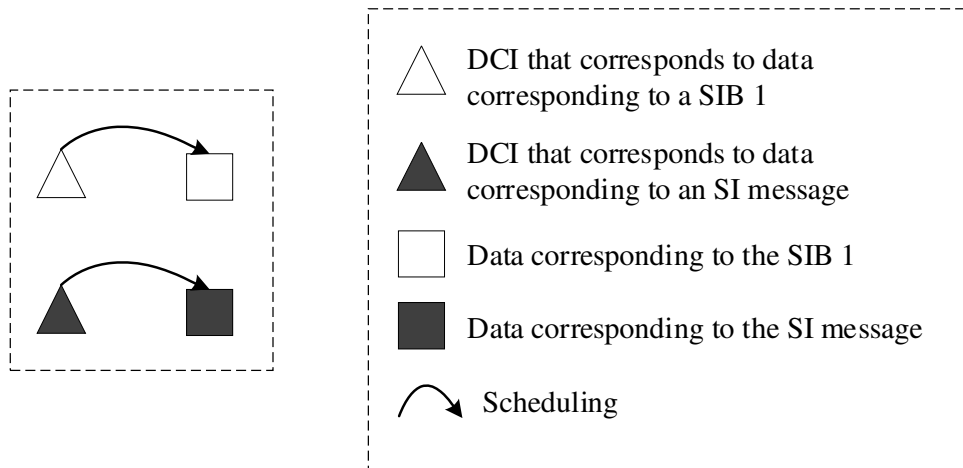

FIG. 3

RRC layer: radio resource control layer
 PDCP layer: packet data convergence protocol layer
 RLC layer: radio link control layer
 MAC layer: media access control layer
 PHY layer: physical layer

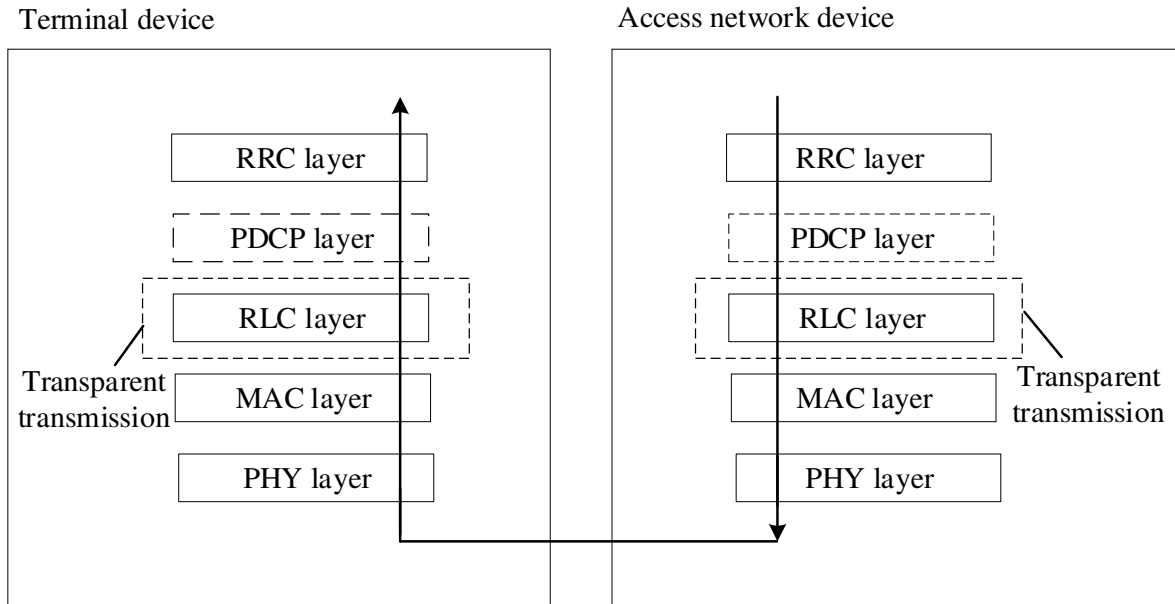

FIG. 4

MAC: media access control
 SDU: service data unit
 PDU: protocol data unit

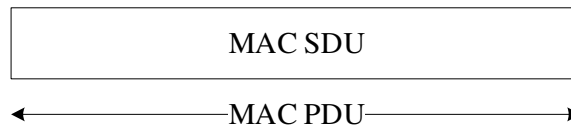

FIG. 5

RRC layer: radio resource control layer
PDCP layer: packet data convergence protocol layer
RLC layer: radio link control layer
MAC layer: media access control layer

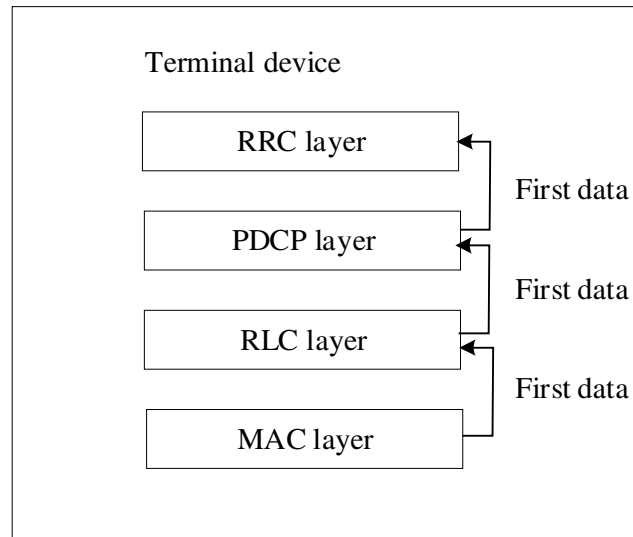

FIG. 6a

RRC layer: radio resource control layer
RLC layer: radio link control layer
MAC layer: media access control layer

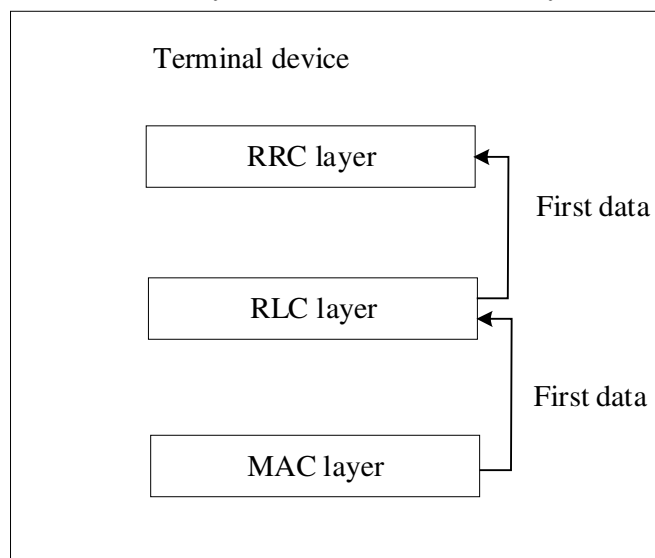

FIG. 6b

RRC layer: radio resource control layer

MAC layer: media access control layer

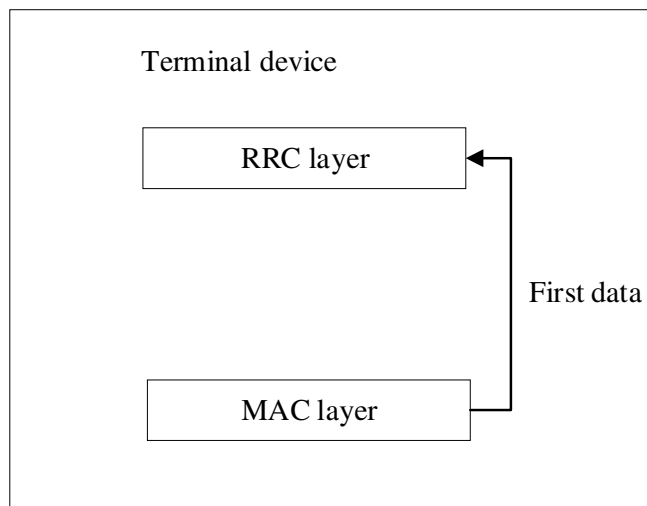

FIG. 6c

RRC layer: radio resource control layer

PDCP layer: packet data convergence protocol layer

RLC layer: radio link control layer

MAC layer: media access control layer

PHY layer: physical layer

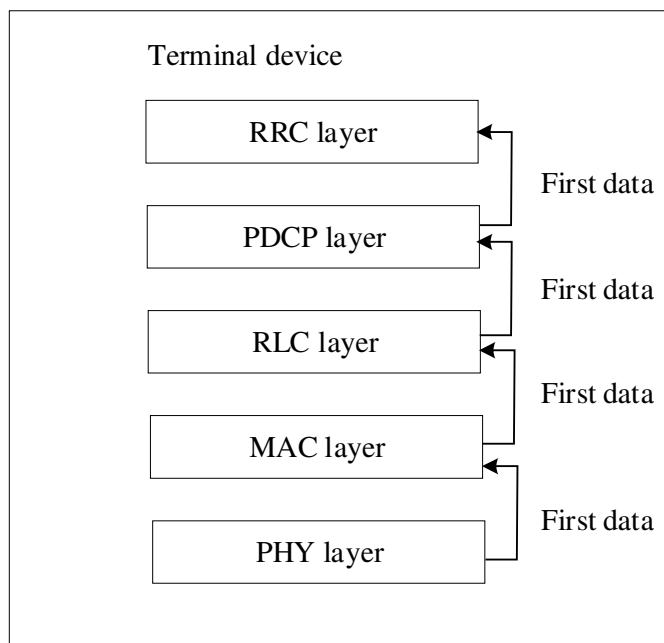

FIG. 7a

6/17

RRC layer: radio resource control layer
RLC layer: radio link control layer
PHY layer: physical layer

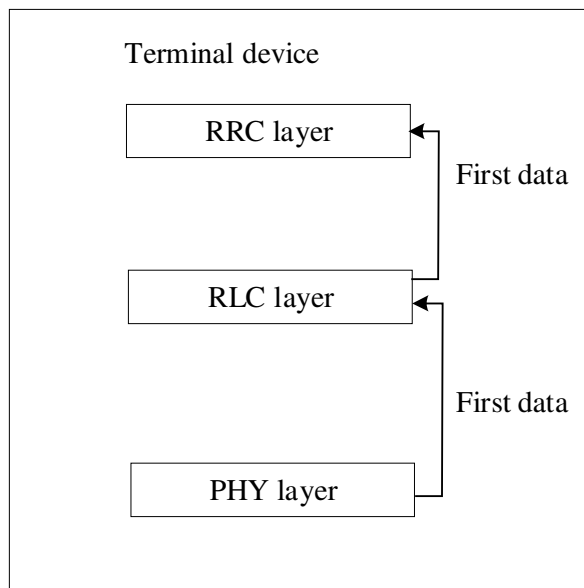

FIG. 7b

RRC layer: radio resource control layer
PHY layer: physical layer

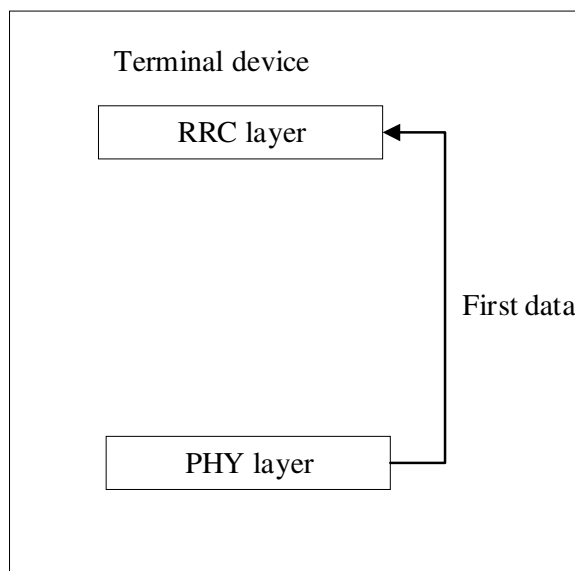

FIG. 7c

RRC layer: radio resource control layer

PDCP layer: packet data convergence protocol layer

RLC layer: radio link control layer

MAC layer: media access control layer

SDU: service data unit

PDU: protocol data unit

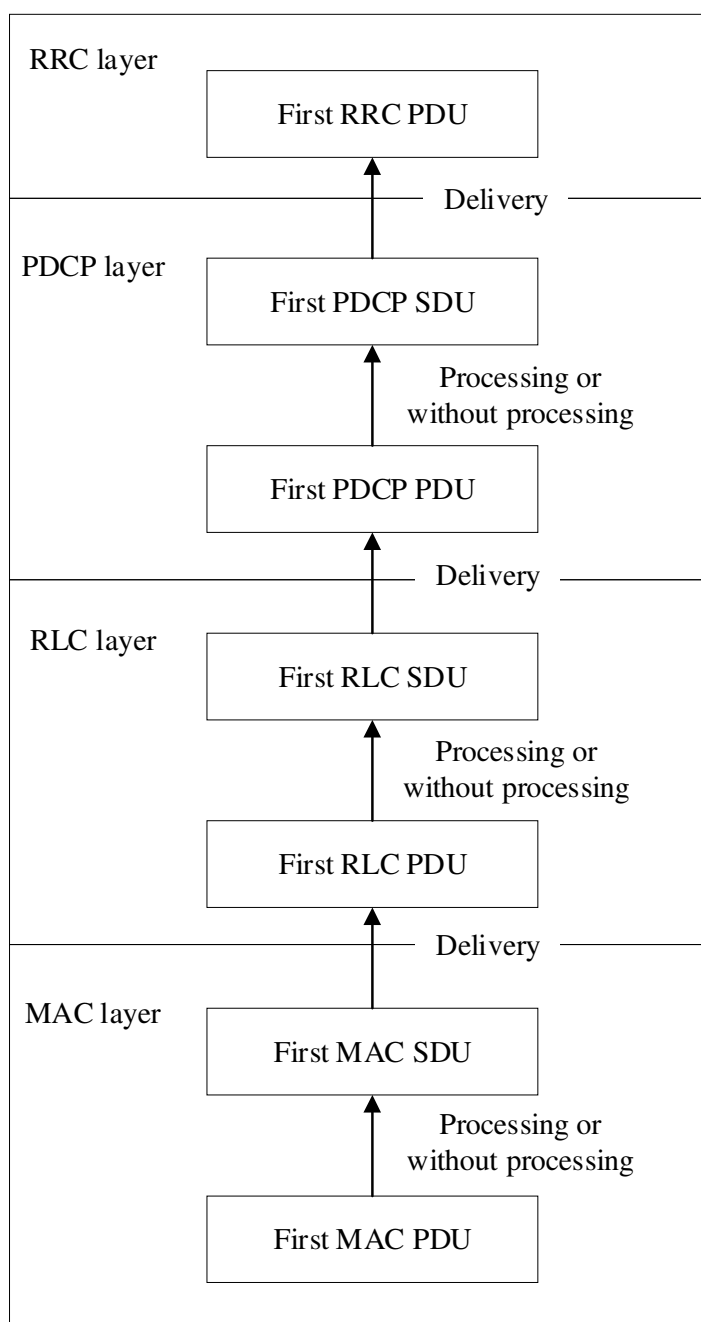

FIG. 8a

RRC layer: radio resource control layer

RLC layer: radio link control layer

MAC layer: media access control layer

SDU: service data unit

PDU: protocol data unit
