

**CAPSULE COMPRISING PIGMENTS AND METHOD FOR PRODUCING
THE SAME**

【ABSTRACT】

5 The present invention relates to a capsule comprising
a pigment and a method for producing the same. More
specifically, the present invention relates to a capsule
which comprises therein a pigment inside which is likely to
be discolored due to external environment, and thereby can
10 easily crack or break and cause color development when
applied to the skin, while isolating the pigment from the
external environment, and a method for producing the same.
