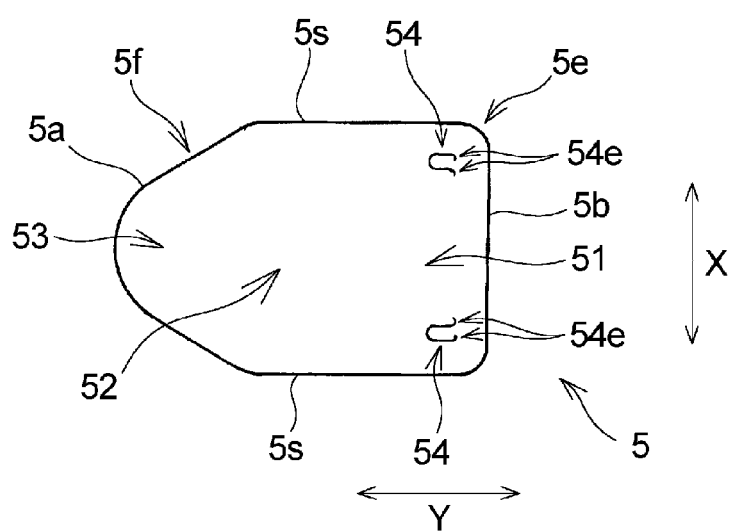

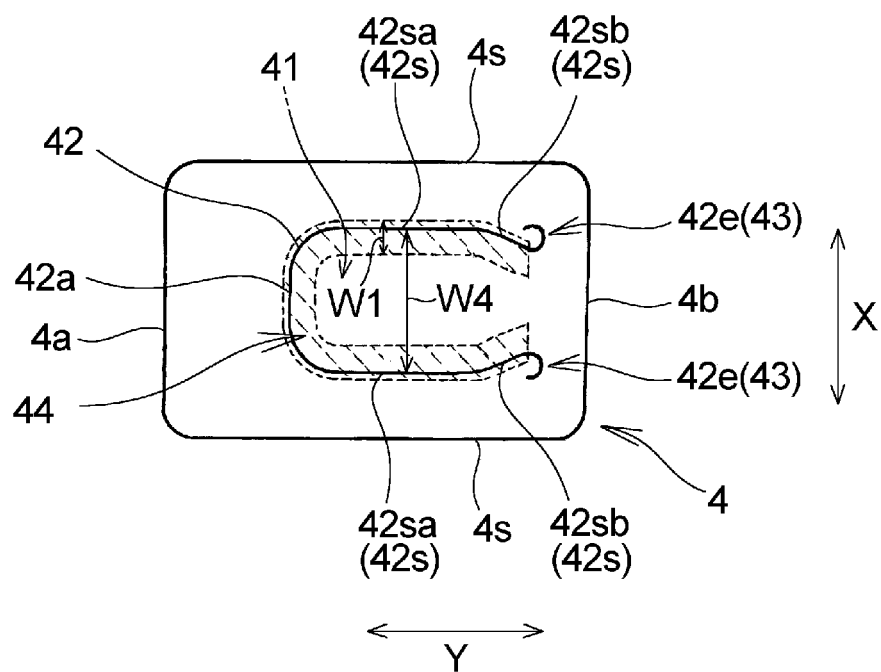

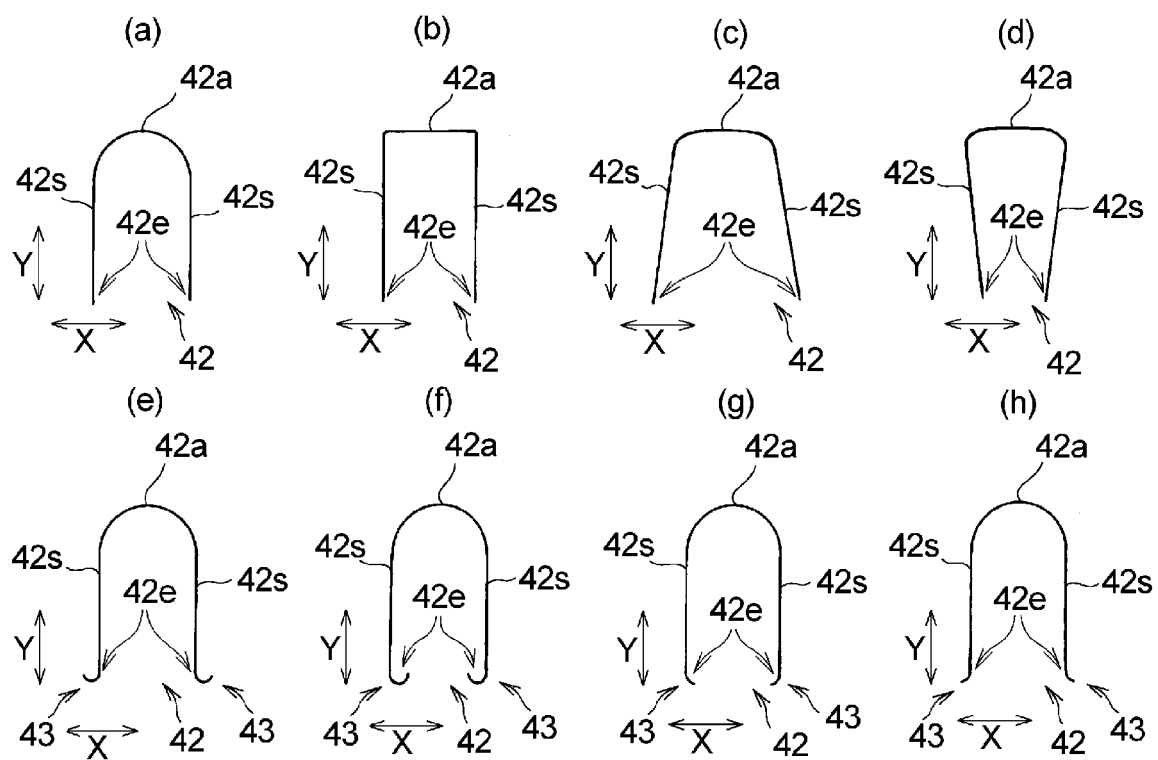

Fig. 3 is a perspective view of the rectangular frame 3. The frame 3 has a central opening 31. The opening 31 is defined by a central rectangular portion 32a and two side portions 32b(32s). The width of the central portion 32a is indicated as W3, and the width of the side portions 32b(32s) is indicated as W6. The side portions 32b(32s) are connected to the main frame 32 by curved lines 32e(33). The frame 3 is shown with X and Y axes.
