

EPOXY RESIN MIXTURE, EPOXY RESIN COMPOSITION AND CURED
PRODUCT OF SAME

[ABSTRACT]

5

The present invention provides: an epoxy resin mixture which has excellent mechanical strength and toughness at room temperature and in a high-temperature region; an epoxy resin composition; and a cured product thereof. The epoxy resin mixture contains an epoxy resin represented by formula (1):

(1)

10

, and has a sulfur content of 15-400ppm according to the combustion method. (In formula (1), n represents the number of repetitions and is a real number which is 1-20.)
