A METHOD OF DETECTING CARBAPENEM RESISTANT *ACINETOBACTER BAUMANNII*

ABSTRACT

The present disclosure relates to a method of rapidly detecting carbapenem resistant *Acinetobacter baumannii* wherein the method comprises using a multiplex real-time polymerase chain reaction (RT-PCR) assay. The present disclosure also relates to a test kit for rapidly detecting carbapenem resistant *Acinetobacter baumannii* by multiplex RT-PCR. The present disclosure further relates to a method of preparing the test kit.
