Brief Description of Drawings

It will be convenient to further describe the present invention with respect to the accompanying drawings that illustrate possible arrangements of the invention. Other arrangements of the invention are possible and consequently, the particularity of the accompanying drawings is not to be understood as superseding the generality of the preceding description of the invention.

Figures 1A to 1G are sequential elevation views of two couplable spreaders according to one embodiment of the present invention;

Figures 2A to 2E are various views of a couplable spreader having a load transfer coupling assembly according to one embodiment of the present invention;

Figures 3A to 3D are various views of a guide clamp assembly according to a further embodiment of the present invention;

Figures 4A to 4D are sequential views of a twistlock retraction assembly according to one embodiment of the present invention;
