(54) Title: ANTERIOR CHAMBER IMPLANT FOR TREATING THE PHAKIC EYE**(54) Titre:** IMPLANT DE CHAMBRE ANTERIEURE POUR LE TRAITEMENT DE L'OEIL PHAQUE**(57) Abstract**

The invention concerns an anterior chamber implant for treating the phakic eye comprising an optical part (1) connected to loops (3, 4). Viewed in profile each loop has an arc-shaped profile with double radius of curvature, the radius of curvature (R1) of the proximal part being greater than that (R2) of the distal part.

(57) Abrégé

Un implant de chambre antérieure pour le traitement de l'oeil phaqué du type comportant une partie optique (1) se raccordant à des anses (3, 4). Vue de profil chaque anse présente un profil en arche à double rayon de courbure, le rayon de courbure (R1) de la partie proximale étant plus grand que celui (R2) de la partie distale.
