(54) Title: DISPENSER FOR SUPPLYING PIECES OF PAPER**(57) Abstract**

The dispenser (1) supplies pieces of paper, pulled out from a reel of paper (2) contained therein, without any contact between a user and not pulled out paper. If the paper reel (2) has transversal pre-cut lines, the length of each piece is equal to one or more distances between the two following pre-cut lines. If the paper reel (2) has not transversal pre-cut lines, the length of each piece is determined by the user.
