300
Execute Application(s) On A Local Device
305
Receive A Graphics Set That Includes Display Commands And/Or Resources
310
Receive Resource Data For: (1) Display Status Info; (2) Supported Application Information; (3) System Limitation Data; And/Or (4) Visibility Information
315
Select Portions Of The Graphics Set For Encoding
320

Fig. 3

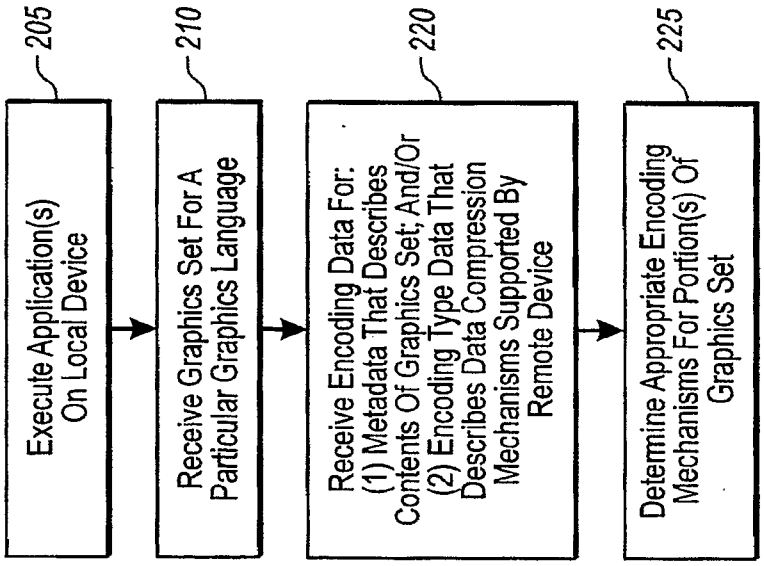

200
Execute Application(s) On Local Device
205
Receive Graphics Set For A Particular Graphics Language
210
Receive Encoding Data For: (1) Metadata That Describes Contents Of Graphics Set; And/Or (2) Encoding Type Data That Describes Data Compression Mechanisms Supported By Remote Device
220
Determine Appropriate Encoding Mechanisms For Portion(s) Of Graphics Set
225
