(54) Title: SURFACE HAVING DISPOSED THEREIN OR THEREON CODED DATA

(57) Abstract: A surface having disposed therein or thereon coded data. The coded data includes at least one data portion arranged at a respective position on or in the surface and alignment data arranged on or in the surface, the alignment data being at least partially indicative of at least two registration positions. The registration positions are in turn at least partially indicative of a relative position of the at least one data portion with respect to the surface, thereby allowing the data portion to be at least partially decoded.
