

【ABSTRACT】

PYRROLIDINE DERIVATIVE, AND PHARMACEUTICAL COMPOSITION FOR
PREVENTING OR TREATING BETA-AMYLOID OR TAU PROTEIN-
5 ASSOCIATED DISEASES CONTAINING SAME

Provided are: a novel pyrrolidine derivative or a
pharmaceutically acceptable salt thereof; and a
pharmaceutical composition containing same and having the
10 effects of inhibiting beta-amyloid and/or tau protein
aggregation, and/or breaking down beta-amyloid and/or tau
protein aggregates, and/or preventing and/or treating beta-
amyloid and/or tau protein-associated diseases.
