

**PHOSPHORUS-CONTAINING COMPOUND, PHARMACEUTICAL
COMPOSITION AND USE THEREOF**

ABSTRACT

5

Provided in the present invention are a phosphorus-containing compound, a pharmaceutical composition and the use thereof. Specifically, provided are a compound as represented by formula I, a pharmaceutically acceptable salt, an ester, a stereoisomer, a tautomer, a polymorph, a solvate, a metabolite, an isotopic derivative or a prodrug thereof. The phosphorus-containing compound of the present invention can effectively

10 treat diseases and conditions mediated by TEAD, such as cancer.
