

Abstract

Disclosed in the present invention are a compound as represented by formula (I), a stereoisomer or pharmaceutically acceptable salt thereof, and a key intermediate thereof. The present invention also provides a use of the compound, and the stereoisomer or pharmaceutically acceptable salt thereof in the preparation of drugs for treating and/or preventing FXIa receptor-related diseases, especially a use in the preparation of drugs for treating and/or preventing cerebrovascular arterial diseases and/or peripheral arterial diseases.
