

ABSTRACT

The present invention relates to a medicament for treating
 5 or preventing central nervous system disease whose cause is
 related to abnormal aggregation of proteins in the brain,
 which comprises as an active ingredient a compound of formula
 (1) or a pharmaceutically acceptable salt thereof, wherein
 10 R^1 and R^2 are hydrogen, etc., R^3 and R^4 are hydrogen, C_{1-6}
 alkyl, etc., R^5 is halogen, C_{1-6} alkyl, etc., R^6 is hydrogen,
 halogen, etc., X is oxygen, etc., Y is carbon, etc., m and
 n are an integer of 0, 1, etc., r and s are 0, 1, 2, etc.,
 Hy is pyridine ring, etc., which has an action of suppressing
 15 or reducing the accumulation of abnormal aggregation of
 proteins in the brain.
